

# NOTCH & NAIL

## **Job Position: Lead Carpenter**

### **Position Summary**

The Lead Carpenter must have a good understanding of all facets of carpentry. He/She should be a detail-oriented, self-motivated professional that can complete projects on time and on budget. We are looking for an individual who is a true craftsman and displays pride in their work.

### **Qualifications**

- 3+ years experience in general carpentry is required
- Cabinet construction experience is required
- CNC experience is preferred
- Openness to learn new techniques and skills
- Ability to problem-solve
- Detail-oriented

### **Key Responsibilities**

- Complete daily carpentry tasks, including installation
- Communicate daily with Team Management
- Manage schedule and production between concurrent jobs
- Provide a high level of organization and planning throughout the entire project phase
- Interpret plans and specifications
- Uphold our high standards of craftsmanship and quality
- Demonstrate leadership and self-motivation
- Be a dedicated team member and contribute to the improvement and expansion of our business
- Be committed to maintaining a clean, efficient shop
- Some traveling may be required

### **About Notch & Nail**

We are an architectural millwork and custom woodworking company located in the heart of West Des Moines. We take pride in being a small company with big capabilities. From fabrication to installation, Notch & Nail helps our clients (General Contractors, Design Professionals, and Homeowners) bring their vision to life.
